Our educational sessions are planned for code officials, inspectors, plans examiners, architects, engineers, builders, contractors, and other construction industry professionals.

This is your opportunity to develop your understanding and application of the International Codes, while earning CEU's. As always, there will be opportunities at the conference for you to network and share information with your colleagues.

Please bring code books for reference and direction. Code books are not provided.

Lexington Hotel University  
Convention Center  
Auburn, Alabama

ALABAMA ASSOCIATION  
OF PLUMBING, GAS AND  
MECHANICAL INSPECTORS

### A message from the President,

We are really excited about this year's 47<sup>th</sup> Annual Education Conference. The conference will be held March 31- April 2, 2010 at the Lexington Hotel University Convention Center in Auburn, Alabama (same place new name).

I know 2009 has been a tough year and budgets have been cut. Fortunately our conference continues to be the conference with the best dollar value and education available. Don't miss out, put your request in early this year to attend our conference.

I believe this year's conference will be better than ever. Even though ICC took away our free day of training your board has put together a great line-up for this year's educational program. It just goes to show that ICC needs us more than we need them. Be sure and let ICC know every chance you get that we can survive without them. Maybe it's time for Alabama to start a new code agency and do away with ICC altogether, think about it and spread the word.

On a lighter note, our conference gives you a great opportunity to network. When class is over, our social gatherings are a great time to share ideas, inspection techniques and code interpretations with others in your field.

To all the officers, board members and committee members; thanks for making my job so easy. Your dedication and support of this organization is without doubt unequalled. I have to say it again this year, our conference would not be possible without you.

I want to thank everyone for giving me the opportunity to serve again. It has truly been an honor and a privilege. The second time was even better than the first. I am humbled by your confidence in me. This has been a wonderful experience that I will carry with me the rest of my life.

See you in Auburn,

Leslie Moon, President AAPGMI
